- extra for 2 x flush pulls if multifold opens in \$100 (fig 8)

- For logistics it is recommended multi-fold systems over 3600mm in width are disassembled and flat packed. A BSA registered sub-contractor can be arranged for the purchaser by Woodworkers, if required, to re-assemble and fix at an additional cost.
- Final adjustments may be necessary by installer after frame is installed. A service fee will apply if Woodworkers is required to provide onsite adjustment.
- Delivery is not included, but can be arranged using a one driver courier. The purchaser must allow for four or more strong people to off load at the destination.

\* Only single light available in 920mm  
 \*\* Maximum screen width is 4500mm. When wider than this size, the frame has to have doors opening to right & left hand side.

Standard frame height 2170mm - Overheight frame height 2400mm  
 Overheight bifolds are available ex-stock in single light doors only, at 7% above listed prices, which includes 190mm top flush bolts. Extended drop bolts (500mm) extra \$50 each

Self draining aluminium sill option available at an additional cost of \$118 per metre (overall height reduces 6mm)

- As multi-fold hardware systems evolve, joinery sizes may vary slightly. Verify extremities of frame before framing up.
- Flush bolts (half keyed) and clear glass included.
- Prices subject to stock availability and cost change during the currency of this flyer.
- Multi-fold door systems are warranted to open out only. The system can be hung to open in but does not carry a weatherproof warranty.
- Height is measured from underside of sill to top of frame

NOTE:  
 All multifolds must open out to have weatherproof warranty. Open in configurations can be supplied but are not weathertight.  
 Unlike some competitors our multifold doors include premium running gear non-tarnishing finishes, flush bolts top and bottom and weather seals.

## hardware kit components

woodworkers bifold hardware kits will save you money available in silver + gold

### Remised list for each hardware option

Opt	Item No.	1	2	3	4	5	6	7
