WOODWORKERS DOUBLE GLAZED SINGLE LIGHT DOORS

Woodworkers double glazed doors offer an excellent combination of security, noise and solar control. The 16mm thick glass panels comprise two skins of toughened 5mm clear glass with a pyrolytic coating (LowE) to the inside. The units have desiccant spacers to prevent fogging in the argon gas filled center void. The panels reduce heat transfer by more than 50% and block infra-red and UV by more than 90%. They retain heat in winter; keep interiors cool in summer and provide brilliant noise reduction all year round.

Stock French door units exclude weatherseals, dropbolts, lock morticing and locking hardware. If units need to be adapted to add any of these extras or change hinge colour an adaption labour cost of \$62 would apply plus the cost of the extras required.

All prices include GST but are subject to change without notice. Prices are for raw products & do not include delivery, priming or any other hardware unless noted.

Woodworkers passage and patio range provides choices for most period or contemporary applications. Doors can be glazed to suit your privacy and security requirements.

Refer our hardware catalogue for the full range

wall cavity sliding unit

Cavity units are the ultimate space saving solution as the frame, and rollers are designed to be built into the wall. Woodworkers supply Corinthian cavity units whose range includes timber (Slimline) and steel units (Platinum) which are made to suit both 35mm and 40mm doors. There is a wide selection of widths and heights in cavity units that can suit a range of applications, including floor to ceiling and tiled wet areas.

All glazed door prices allow for clear glazing. Other glass options are at additional cost. All American Oak doors are 40mm thick unless noted otherwise and are veneered Oak over engineered core manufactured by Jeld Wen subject to Corinthian warranty conditions

- enquire if other services are available with your door choice.
- prepriming white or clear sealer prior to glazing extra 10% prepriming not available for preglazed units
 - lock and flush bolt mortising for woodworkers hardware.
