Unless requested otherwise, sliding sashes will be positioned to the inside of the fixed sashes. This configuration works better for hardware but should not be opened when wet as it does not permit easy water escape. Stock sliders are made for semi protected suburban conditions. If sliders are to be used in very exposed or cyclonic rated positions they can be weatherseal upgraded at an additional cost of 7.5%.

## STOCK SASHES

We custom make to any size of course, but if you use our stock sizes you'll save time + money.
